BELIZE

ACPA invites you to visit Belize!

Review: Beautiful English speaking country in Central America. Well known for large living reef in the Caribbean sea with awesome scuba diving at the famous blue hole and during Whale Shark migration season. Great world-class fishing, complimented with a touch of jungle tropics. – **Kelly Wade**

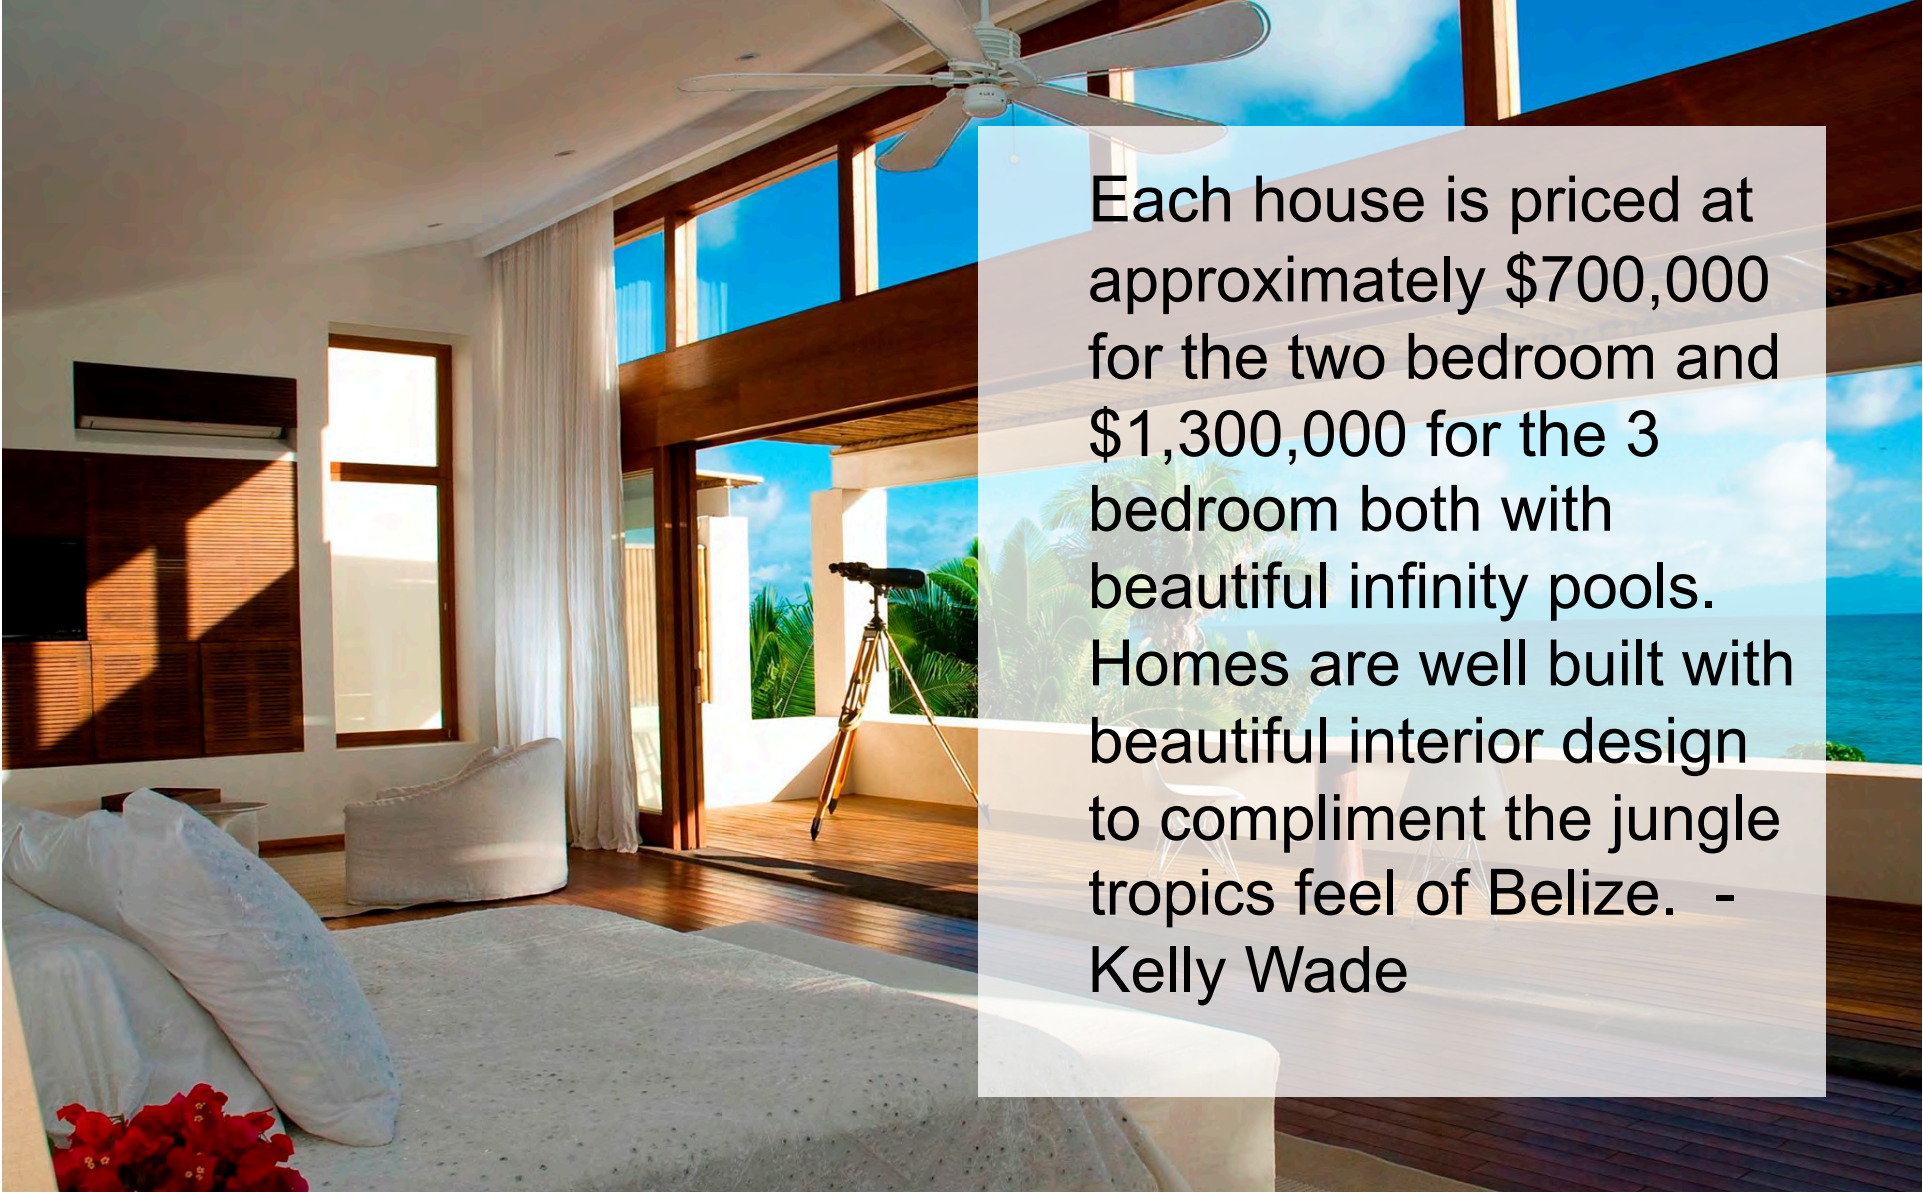

Placencia

An eco-destination on the Caribbean Sea. I enjoyed the small village town with a small airport (for puddle jumper flights). The locals are all very nice and helpful to tourists. The markets and shopping is limited but great food can be had at the many restaurants around. I really enjoyed the Italian gelato shop “Tutti Frutti” ice cream made fresh daily and DELICIOUS. Also enjoyed Maya beach hotel bistro about 15 minutes from downtown Placencia on Maya Beach. Notable eateries were; Singing Sands Inn, Rumfish, and Turtle Inn. One day we drove to a privately owned waterfall (\$10 entrance fee) and short walk to fresh water waterfall and swam around. Beautiful.

The image shows a bright, modern interior space with large windows and a wooden deck. A white ceiling fan is visible. The room features a white sofa, a white armchair, and a wooden coffee table. A telescope on a tripod is positioned on the deck. The view outside shows a tropical landscape with palm trees and a blue sky. The text is overlaid on the right side of the image.

Each house is priced at approximately \$700,000 for the two bedroom and \$1,300,000 for the 3 bedroom both with beautiful infinity pools. Homes are well built with beautiful interior design to compliment the jungle tropics feel of Belize. - Kelly Wade

Wild Orchid Residence

This is still an undeveloped property with BIG plans. This opportunity is for someone who wants in during Phase 2, since Phase 1 is the two existing homes. Great family vacation home for family that wants water and jungle adventure. This is perfect for someone who wants someone to take care of the house while not there. Management team is very accommodating and resourceful. – Kelly Wade

Review: This was not my first visit to Central America. Upon our arrival, we were picked up at the Placencia airport by Tom Hitchcock who drove us a short distance to the beautiful contemporary Wild Orchid Villas in Placencia Belize.

When we arrived at the villas, we were greeted by Naomi and an amazing spread of fresh fruit, vegetables, and cold beverages. We had the use of 2 villas. A two-story three bedroom, three bath villa with infinity pool, sauna, washer and dryer, full kitchen and dining room, rooftop sundeck and maid service. The two-story two bedroom villa, 2 1/4 bath, that I stayed in, had a full kitchen and an infinity pool that I enjoyed a midnight swim in.

We had the use of 2 golf carts for the duration of our stay at Wild Orchid. Since it was very easy to get around the town and to the village, we drove the golf carts everywhere. Our second day at Wild Orchid, was a fun day of snorkeling and ocean swimming on our way to Mr. Habib's private island on his private yacht. We swam with the sharks and got a great show from a pod of dolphins on the way back to the Wild Orchid Villas. **—Wilda Bennett**

Review: We got the chance to stay at one of the houses in the Wild Orchid development. A stunning house (can be rented) that would be wonderful for entertaining friends and family. Three bedrooms, full kitchen, pool, Jacuzzi and bbq. They also have a boat that they will rent out and staff. I highly recommend boat trips, as the water 30 minutes away is absolutely breathtaking. Belize is infamous for there reefs and even the surrounding areas do not disappoint. **-Dina Oxenberg**

Slyvie McCracken's Review: I didn't know what to expect when I arrived at Wild Orchid in Belize. I was feeling a little down because the trip ended up falling on my wedding anniversary and my husband wouldn't be able to join me. Those concerns were soon put to rest, however, because on arrival I found a beautiful vase of flowers and a personal note wishing me a happy anniversary! My husband had called ahead and requested the flowers and a personal note, which the staff at Wild Orchid put together at no charge.

After a long day of travel our hosts surprised us with a lavish spread of cold cuts, fruits, sweets and wine which was exactly what we needed.

The two houses (villas as they call them), each with their own pool were very spacious and a great place for family or friends to share a vacation. The kitchen was large and the appliances were state of the art allowing us to cook a family style meal when we didn't feel like hitting the town.

Tom and his team were super friendly and they day they took us out on the yacht will definitely be the highlight of the trip for my teenage daughter and me.

I could tell you about the beautiful beaches, the clear water, the fresh seafood, and the amazing accommodations, but what was truly special about this trip was feeling of relaxation. The staff was super friendly and allowed life to slow down for a week. You can't put a price on that!

To spend a week in a beautiful place surrounded by helpful, friendly people was truly special and allowed me to take a needed vacation that refreshed me not only physically but mentally as well!

Review: A resort right on the beach with full amenities. They also have a banquet rooms and restaurant on the lagoon side that is perfect to throw a special occasion events. The rooms we stayed in were two bedroom and baths with full kitchen beachfront. Is like having your own 2 bedroom apartment. - **Dina Oxenberg**

Review: This property is great opportunity for someone who vacations once or twice a year, since you can only use your condo for approx. 30 days per calendar year (feels like timeshare) but you actually hold the trust deed to your unit. The management team is very accommodating and would oversee the rental of your unit during the other 345 days of the year. – Kelly Wade
