I have had the honor of visiting the beautiful Ocean Reef Club in Key Largo, Florida, not once but on two occasions! The first trip, I won a raffle by Elite International where I experienced an amazing “taste” of what the resort had to offer. My mom and I drove to the club from Miami and it was a breeze! Less than an hour away, we took in the beautiful sights and quickly arrived to a beautiful hidden exclusive community. We truly felt like we entered another world!

The beautiful atmosphere, landscaping, plants, flowers, palm trees, homes and condos were absolutely breath- taking! On both occasions, I was greeted by the warmest and friendliest staff ever. I was surprised to see that many remembered me from my first visit with my mom and greeted us, like family.

The weekend was full of many pleasant surprises and exciting activities that I actually experience for the first time! From the tours of the property, I could truly see that Ocean Reef was truly a unique way of life. They had everything you could ask for: cultural center, conference centers, airport, hospital, and school for children, Fisherman’s Village, and much more. The rental homes were stunning and perfect for my clients taste.

The recreation was great for everyone! I had the opportunity to participate in a Road Cart Rally with my team players: Sandy & Greg. We won!!

I also, participated in tennis clinic, Eco-Kayak and

everglades Alligator tour! A full day of adventure! Not to mention, I had the best time relaxing by the beach and pool sipping on pina coladas!. Reception at the Point was one of my favorite nights, getting to know everyone under the sunset.

We experience an array of delicious meals for breakfast, lunch, and dinner from many different restaurants: Ocean Room, Islanders, Raw Bar, Gallery Terrace and the Golf Clubhouse. The food was absolutely delicious and the tropical drinks and wines were divine. We had more than enough to eat at every meal! We had a feast! My favorite things: snow crabs

There are so many wonderful and exciting activities, restaurants, shops and spa treats to experience at Ocean Reef Club, but most of all, I enjoyed the private, exclusive surroundings of knowing that we are among distinguish guests and a place that feels like home away from home. “I am so grateful for the opportunity to experience the Ocean Reef Club on 2 occasions, as I have learned more about club and its amenities for my clients.”

Special Thank you to the Ocean Reef Club Family: President Paul M.G. Astbury, Douglas Rucker, Sandy Schwab, Greg Schwab, Yariz Sherperd, Kathleen Walinsky , Jeff Homad, Jeannine Froget, Jacqueline Cameron, April Smith, Mic O’Keefe’, Sales team, tour guide instructors, restaurant staff and housekeeping for making our FAM trip one of the best I have ever experience!

This was my first trip to Florida and Ocean Reef in Key Largo did not disappoint! The resort is a city unto itself with houses, condos, shops, restaurants, pools, a movie theatre, fire and police department and more. In addition, when you arrive, you get your own golf cart which is their main mode of transportation

The Staff at Ocean Reef are extremely friendly and attentive. It really makes you feel special when everyone says "Hello!" There are tons of activities at the resort and you can fill day to night with sports and adventure. Your choices include: golf, tennis, snorkeling, visiting alligators, kayaking or participating in a golf cart quiz rally. What I also loved, was that the list of activities was not just for adults, there are family and kid choices too. They even have a kids camp, so everyone can have fun, or just be lazy and hang by the pool. the breakfast buffet.

Ocean Reef's restaurants and menus are fantastic! Our entire group enjoyed dining on the fresh seafood, from fish to crab,

lobster and oysters. I have to admit that I still find myself still dreaming of the breakfast buffet.

I highly recommend Ocean Reef to you and your clients. It can be a romantic getaway, family vacation or relaxing escape.

From the moment that we arrived at Ocean Reef, I felt very welcomed. The room was gorgeous and spacious and the bathroom---I could have spend the entire trip in that tub! The reception in Sandy and Greg's room/huge sundeck was a nice place to meet everyone in an intimate environment. We were all very tired from traveling all day, plus we knew that we had a big day ahead so we went to sleep very early.

The first full day we got a tour of the whole club in our golf carts. The houses on the property were unbelievable. I loved that everything is right there at your fingertips, whether it is a supermarket, ice cream shop, Bank of America, a school, a church/temple, movie theater, several restaurants, a bar and the list goes on. It is a one stop shop and very convenient for a family to stay. My favorite part of the day was playing croquet with Mic. I hadn't played in years, but it was like riding a bike and our team WON!

I LOVED the weekend brunch, probably too much as never before have I woken up before 8am to eat! That waffle station and egg station were quite delicious. I also loved the variety of all the fresh juices and smoothies. They catered to every request.

The kayaking was fun too, our teacher was very familiar with the environment and you could tell that she was really happy in her job. She had a lot of knowledge about the algae/insects/ reptiles, etc. different times and were very happy to do so. This kind of service is hard to find and it seemed effortless.

I would like to personally thank Sandy, Greg and Douglas for showing us a wonderful time and being so gracious.

PROPERTY

This very private club reminds me of years past, as the general attitude of no crime and friendly smiles everywhere, not only from the staff but the resort guest was abundant. Ocean Reef Club has acres of homes, boats slips, and a community that is built around family values and fun. The scenic beauty is highlighted with infinity pools that seem to melt into the sunset with ease.

ACTIVITIES

There are activities ranging from high-level athletic ability to very low impact athletic aptitude. I choose the kayaking tour and touring an alligator farm in the everglades. Other engaging activities occupying my time included: photographing the various beautiful trees on the property, riding in my personal golf cart, and taking a bicycle out for a ride called an Elliptigo. The Elliptigo is a \$2K bike that is a cross between a bicycle and the elliptical stationary equipment. Very challenging to ride and you will get a workout that you cannot imagine.

FOOD

A foodie's dream come true, fresh seafood caught within hours of serving due to the proximity to the ocean. Several chefs throughout our dining experiences had introduced us to their personal philosophy on the preparation of their vegetables and produce selection, which are grown locally. Special carved produce greeted us to our upcoming adventures, and thanking us before we departed the Ocean Reef Club, no detail was overlooked. Indulging in specialized beverages to dining from casual to formal settings gave us a wide range of dining possibilities.

Elite International Luxury Hotel Representation hosted the ACPA May 2012 membership meeting at the Bel Air hotel in Los Angeles. At this event were a variety of representatives from the global portfolio of companies Elite International represents. Missing at this event was the Ocean Reef Club, located in Key Largo, Florida.

Situated literally off the beaten path in Key Largo, the Ocean Reef club is a definitive "for those who know" resort. One road in/out, private airstrip, and boat are the only means of access.

Upon arrival, the atmosphere is immediately welcoming. Of course the staff is warm, friendly, courteous, and professional, but so are the members and guests! I was instantly impressed with the feeling that this, indeed, is a special place for luxury travelers yearning for a tropical retreat.

The dining is consistently exceptional throughout the entire resort. Throughout the multi-themed restaurants, the food, service and experience are absolutely wonderful. We were blessed to have arrived at the start of blue-stone crab season. Had I the choice, I would have simply had fresh crab the entire stay!

What I found impressive was not only the size of the club (2500 acres), and amenities (recreational activities, medical center, gourmet grocery K-8th grade school, private airstrip, marina), but the levels of participation one may take with the club. You can be a guest using a vacation rental. You can join as Social Member. and have access to the club year round. You can own property as an Equity Member (and have your children achieve Legacy membership), providing an ongoing appreciating investment for the family.

The continued improvements and ongoing programs to maintain all assets of the club will ensure a quality experience for members and guests alike.

Thank you Greg & Sandy Schwab, Douglas Rucker, and the entire ORC team for a spectacular event!

The blast of warm Miami heat in the midst of winter New York weather I'd just come from was a welcome start to a magical weekend amongst this private membership estate's 2500+ acres...

One might never need to leave the life of luxury at the famed Ocean Reef Club! Arrive directly at the private airport, via yacht, or use the hub of Miami only 1.5 hours away. This community lifestyle has it all: golf course, tennis & croquet, marina, salon & spa, new state of the art fitness center on its way, beach lagoon, multiple pools, salon & spa, over a dozen outstanding restaurants, private school, medical & fire house, retail shopping & grocery markets, a cultural center with guest speakers, animal sanctuaries & protection programs, a charitable foundation and so much more.

Past the swaying palms along the Florida Keys, I landed in a suite, aptly named Mariner, overlooking the ocean bay with a brilliant sunrise view I noticed my first morning. The spacious room has now topped my favorites list with a single amenity I've yet to discover elsewhere in private rooms- an exercise equipment stand, complete with yoga mat, bands, free weights & a property map of trails. What a treasure for my life of work on the go without time for a stretch. The beautiful accommodation was chock full of my favorite treats: excellent view, balcony, bathroom to gush over, king bed to melt into, kitchenette and a sweet selection of bath products.

Our primary hosts, Sandy & Greg Schwab, could not have been more gracious. Whisked in our private golf carts from every inch of the resort to meet staff, see the sights, delight on the cuisine, play team games for business bonding, partake of the local treats (snorkeling and eco-kayaking for me), they even managed to secure us some relaxation to boot.

Whether in the hub of high-season, or during a nice Christmas break, the Ocean Reef Club beckons a chance to present any client with the opportunity to be cared for top notch, while not missing any of their accustomed living. Membership to this unique community is well worth the price.

This is how you really want to spend your time in Key Largo, Florida - Ocean Reef Club. Sand, Surf and Breathtaking Sunsets! You'll know it's morning when your gently awakened by the sun just starting to rise, the rays hitting the ocean and shining brightly into your room. (Yes, just like the scene from "Indiana Jones - Raiders of the Lost Ark"), This was no movie this was the Ocean Reef Club, saying "Good morning Janice"

My room (Dolphin Building) was conveniently located within walking distances to the main entrance of the property. My view, the ocean and the beach. Did I say "Hello"?? I would start my morning at the Ocean Room for breakfast everyday. There you were greeted by a "friendly and most helpful staff". What was my day/evening itinerary going to be??... Well I could go kayaking, snorkeling, jet skiing, tennis etc...or I could just walk barefoot on the beach, read a book in one of the many hammocks. Whatever my journey for the day/evening it was going to be tranquil.

The Ocean Reef Club is the kind of place where people greet one another as they cross paths. The club is designed for the inquisitive and adventurous minds. You can arrive by commercial or private plane, and if you just happen to have a yacht, there is berthing for 175. Getting around was easy too, you can have your own private golf cart, there are also bicycles. But best of all just good old fashion walking (Don't forget your sunscreen). It's leisurely exploring the island. End your day at one of the many incredible restaurants. Soak in your tub, sit on your balcony with friends, sipping wine, looking out at the ocean and literally seeing stars! I plan on going back, to rent one of the residences or condos.

No matter where I choose to stay, I know it will be memorable. I said "Hello" Ocean Reef Club, but on my departure I said " Bye for now"!
